Clink is the Charles Atlas of the class. A star in football and the mainstay of the crew—that's Clink. The girls call him tall, blond, and terrific, and many feminine eyes gaze longingly in his direction. Whether he joins the navy or studies Commercial Art, we know he will succeed. Clink! we'll miss your strength of mind as well as your brawny arms.

Friends of Shrewsbury Crew

The Friends of Shrewsbury Crew is a grass-roots organization of

parents and community members that supports the crew program at Shrewsbury High School.

It is our goal to help the high school teams to promote themselves and to raise awareness of the sport of rowing throughout the town. Through our fund raising efforts, we hope to supplement the budget for the high school program to keep the teams' equipment up to date and well maintained.

We also hope to reach out to alumni rowers of the program and to give them a forum to share their enthusiasm and fond memories of the SHS crew program.

Contact Judy Lindeborg (email jlindeborg@townisp.com, phone 508-8842-4099) for more details of FoSC activities.
